"ISO9001:2008" and AEO(F)-certified!

All our offers are non-binding until definitive contractual conclusion, are exclusively valid dependent on the details provided, costs, prices and exchange rates must be unchanged and the offer is just valid for this particular unique case. (excl'dg VAT)

We are working according to the "general conditions of the austrian freight forwarders association", latest edition. Our liability is generally limited as per mue and wa, for ground transport rules of CMR are applicable. These limits are still valid nevertheless any document or waybill shows a value above noted limited liability. These liability limits can only be overruled via explicit written agreement between shipper and air cargo agent; especially any notes on the waybill cannot cancel the liability limits.
